

Joshua 5:13 - 6 The Battle at Jericho Lesson 3

Four days after crossing the Jordan River, Joshua led Israel in celebrating the Feast of Passover. Now that Israel was in Canaan, their wilderness day of wanderings (exile from the Promised Land) was finally over. The freedom and deliverance which began with the 1st Passover was now complete and the manna, God's provision to sustain Israel for a generation, could now stop. With the first Promised Land city in view, Joshua went on a lone reconnaissance mission to check out the city of Jericho.
